

# Let's Keep this Movement Growing Together!

Partnered with Empowering Lives International, "Farming God's Way" is an approach we take to educate and train people in rural villages to grow and nurture a lifestyle that provides for their families in a God-honoring way. This provides not only valuable skills, but also sustainable sources of food and income for years to come.

Additionally, our farm and agriculture program provides a gateway to sharing the gospel with others! Our evangelistic approach offers opportunity for the Holy Spirit to work through the hands and hearts of each individual we encounter

ARE YOU READY  
TO PLANT  
SEEDS OF  
GROWTH FOR  
OUR AGRO-  
PROGRAM?

Each person who undergoes the Farm and Agriculture program begins 18 months of intensive training. This includes 5 days of learning, 2-3 months of mentoring and training, and 1 year of coaching and mentoring.

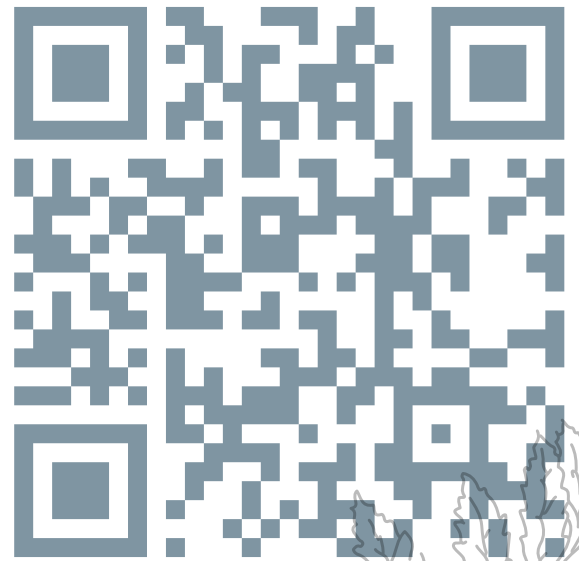

This effectively impacts not only one woman, but her entire family and community. Mothers, fathers, sons, and daughters are being equipped with life skills for self-sustainability and a deepening relationship with Jesus.

## HERE IS WHAT WE CAN DO...

We can partner with these farmers who are transforming their families and their communities! Hundreds more are asking for agricultural training so that they too can learn valuable skills and grow in their relationship with Christ. This training also brings security and stability to impoverished families.

Our goal is to raise \$\_\_\_\_\_ this quarter. We ask that you consider donating toward this goal. From \$10 to \$10,000, every dollar makes a difference!

Will you be a part of their transformation?
